Veterans' House Canada Welcomes New Executive Director

TUESDAY NOVEMBER 7, 2023 – OTTAWA: We are delighted with the news that Veterans' House Canada (VHC) has appointed BGen (Retd) Alan Mulawyshyn as their new Executive Director with Multifaith Housing Initiative's Executive Director Suzanne Le stepping down. This marking an exciting new chapter as Veterans' House Canada continues to fly on its own. A vision come to life; Veterans' House Canada has become more than ever imagined. Housing more veterans in need and forging a future where veterans have access to affordable, safe, and stable housing.

"The whole Multifaith Housing Initiative family should be so proud of how we have been able to take an idea, make it into a building, then make it into a national ambition. A whole new housing organization exists today because of our work, and the key supporters we had who financially made it happen," said MHI's Executive Director, Suzanne Le.

Veterans' House Canada, a charitable organization founded by Multifaith Housing Initiative, has been at the forefront of addressing the pressing issue of homelessness among veterans with its first housing project *The Andy Carswell Building*, that opened its doors in February 2021. The collaboration between the two organizations has allowed Veterans' House Canada to leverage the expertise and resources of Multifaith Housing Initiative in establishing a charity specifically focused on housing solutions for veterans in need.

The appointment of BGen (Retd) Alan Mulawyshyn as the new Executive Director signifies a further strengthening of the organization's commitment to Canadian Veterans across the country. Alan brings a wealth of experience and a profound understanding of the challenges facing homeless veterans. His leadership will be instrumental in expanding the reach and impact of Veterans' House Canada in supporting those need it most.

Veterans' House Canada remains committed to addressing the needs of homeless veterans and offering them the support and resources they deserve. Learn more at www.veternshousecanada.ca
