Canadian Mental Health Association – Ottawa

HOUSING LOSS PREVENTION PROGRAM HLPP

Did you know? A referral to a HLPP worker can help avoid eviction

The goal of HLPP is to prevent eviction and build positive housing provider-tenant/member relationships. HLPP is available to any tenant/member here who is at risk of losing their housing and has experience with mental health and/or addiction challenges.

In addition to helping you avoid eviction, HLPP can connect you to:

- ⌂ CMHA Ottawa groups
- ⌂ Harm reduction supplies (naloxone, safe injection supplies)
- ⌂ Education (rights and responsibilities of tenant/member and landlord)
- ⌂ Mental health assessments
- ⌂ Hoarding supports
- ⌂ Referrals/restored connections with support and warm connections to other services
- ⌂ Connections may include primary care, short-term mental health and addictions services, peer supports and referrals to longer-term assistance

Call (613) 552-5561 for more information about how to make a referral.
